## And We're Off to a Great Start!

A bright sunny September day gave 21 of us a great time to participate in a ranger led hike through trails at Tryon Creek State Park. As we journeyed on the forest trail, we were taught how to use our senses like seeing, listening, smelling and touch. Touching was one of the more important senses we learned about. We became quite aware of those leaves with the nettles on them! Most of us were able to stay afterwards for a picnic lunch. Some of the children that were our hikers were Gracie, Dreyson, Kate, Calvin, Jared, J.J., Trenton, Bethany, Madison, Delaney, Caeden and Simon.

### From the Director~

September was a month of learning all about each other, learning new rules and learning what fun we can have at Noah's Place as we are taught our ABC's, 123's and about God and the world He created.

Our staff has been amazing as they have worked together using their God given gifts and talents to minister to their students. We have been especially grateful for our newest Teacher, Katie who has been "holding down the fort" until Teacher Noelle is able to return.

I would like to thank all of you for being so prompt in bringing and picking up your children. It is so helpful to us. We do want to ask a favor of you however. Because most of our teachers have to get their children to school before they come, it would be helpful if you could wait until five of nine, (unless you have made previous arrangements), to begin bringing your children to their classrooms. This will give the teachers time to better prepare for the arrival of their students. In speaking on behalf of our entire staff, we want you to know how very special each one of your families are to us. We thank you for the privilege of allowing us to teach your children. God Bless,

Sharon Rosing, for all of us at Noah's Place
